DENILIQUIN NORTH PUBLIC SCHOOL
CRITICAL INCIDENT POLICY 2007

Rationale

Schools frequently encounter situations which require staff and students to deal with difficult situations. For instance, the serious illness, or death of someone close to a member of staff or a student, may have a ripple effect on those nearby. Under normal conditions the school is able to manage these kinds of difficulties by offering support and comfort to affected individuals.

There are situations where an incident will have a strong impact across the school community. The incident may occur within or outside the school environment. These critical incidents have the potential to create considerable trauma, grief and confusion and require carefully planned procedures and strategies to help alleviate emotional turmoil and to assist both staff and students return to normality as quickly as possible.

This policy is planned to cover incidents which are likely to have a direct effect on students, parents and staff. The purpose of such action is to assure the community at large that a state of equilibrium has been re-established and all those involved in or affected by, the incidents are being supported.

Critical Incident Policy

This policy will be reviewed each year and duties delegated. The Principal will be responsible for determining the severity of the incident; notifying emergency services, parents, etc; requesting support services and delegating responsibility for procedural management.

The six major procedures to be implemented in instances of a critical incident are:-
1. Notification
2. Information Gathering
3. Information Sharing
4. Support
5. Debriefing
6. Review

The school’s response to different incidents will vary depending on the nature and severity of the particular incident. However, the following management plan should be adopted as a general guideline.
TRAUMA RESPONSE:
Immediate Action:
- Attend to the injured immediately—they are the major priority
- Implement school Critical Incidents Policy (& emergency policy)
- Contact school Personnel who are trained in first aid
- Contact emergency services required.
- Evacuate, Lockdown, Lockout if necessary
- Set up a recovery room if necessary
- Remain calm, alert and observant—effective leadership is crucial
- Crowd control if necessary

NOTIFICATION:
Immediately Notify:
- District Director
- Support team and/or alternatively local counsellor
- Contact families where relevant
- Local services

DOCUMENTATION:
Critical Incident Reports
- When in any doubt about a situation, regard it as a Critical Incident
- Complete the attached Critical incident form and fax it the District Director.

TRAUMA MANAGEMENT PROCEDURES
Make no criticism, implied or otherwise, during the implementation of these procedures.

1. Obtain factual information by identifying and utilising all information sources
   - Students
   - Staff
   - Family
   - Witnesses
   - Police etc
   NB: NO RUMOURS can be tolerated at any stage. Use only facts and if there are rumours use the facts to control them.

2. Inform all staff as soon as possible
   - Call Staff together
   - Give staff all factual details of the incident
   - Outline proposed management plan, including media response
   - Outline proposed sources of personal support for staff/students
   - At the end of the day have a full staff update and plan ongoing meeting as required.
3. **Inform ALL Students**
   - Provide accurate information in small group situations as soon as possible
   - Call K—6 Assembly if need be
   - Principal & Staff to determine how much and what information to be distributed to media and students.

4. **Identify “Risk” (of trauma) students and staff**
   - Those directly exposed to trauma (i.e. those exposed to the full intensity of trauma).
   - Relatives and friends (I.e. those grieving, families, staff, friends).
   - Helpers and recovery Personnel (i.e. staff, DOCS, administration/cleaning staff etc).
   - Cater for the individual needs of these people. This may include arranging transport home and casual staff employment.
   - Return to normality as soon as possible.

5. **Organise Debriefing for staff and students**
   - Assess whether debriefing by the Support team is necessary or whether it can be handled internally, eg. Vandalism could be handled locally or under Support team instructions.
   - Isolate an area for debriefing and allocate a time suitable for everyone concerned
   - Provide relief and worry about the bill later.
   - Provide out of school hours contact if necessary. This could be as simple as circulating a telephone number. In more complex situations it may mean maintaining telephone contact at the school.

6. **Organise Support Personnel**
   Principal will organise the support personnel comprising:
   - Support team
   - District Director
   - Casual teachers
   - Community Health Team
   - Welfare Committee e.g. peer support
   - Support Student Services

   **Provide support personnel with:**
   - All known facts
   - Work areas
   - Lines of communication e.g. ample access to fax, telephones
   - Refreshments e.g. drinks, food

7. **Managing the Media**
   - Organise a press conference as soon as possible
   - Prepare a brief factual statement. No rumours. (See attached sheets)
   - Inform all staff about what the media has been told.
TRAUMA RECOVERY PROCEDURES

1. **Assess ongoing individual needs of staff, students and school community**
   - Identify behavioural changes
   - Encourage parents to discuss student welfare
   - Monitor all hospitalised staff/students
   - Monitor the caregivers
   - Counselling will be provided for all those who need it. This may include many who do not seem to be closely connected to the incident or individual involved.

2. **Meeting ongoing individual needs of students, staff and helpers**
   - Restore normal functioning
   - Accommodate ongoing class discussion if and where it arises.

3. **Other Issues**
   - Allow attendance at funerals (with parents’ consent)
   - Demonstrate school’s concern by offering cards and flowers
   - A memorial service may be appropriate
   - Be alert for influences on students e.g. “copy cat” effort at suicide
   - Arrange Workers’ compensation forms for any staff traumatised. It may be required in the future.

4. **Evaluation**
   - Evaluate all procedures. Follow up any modifications judged necessary
   - Adjust the plan accordingly
   - Discuss areas of concern with those involved

MEDIA RESPONSE PLAN FOR SCHOOL PRINCIPALS

**STEP 1:** Take the call: Channel all media inquiries through one person
**STEP 2:** Tell the person to call back in a set period of time (no longer than about an hour) District Office 58983700 or 131536.
**STEP 3:** Contact Communications & Marketing Directorate (02) 95618400
**STEP 4:** Prepare a response either:
   (a) verbal, in point form
   (b) a prepared statement
**STEP 5:** Ask the reporter informally:
   (1) Who they have spoken to already
   (2) What they know about the story
   (3) What they want from you
**STEP 6:** Choose a desirable setting
**STEP 7:** Keep it brief
**STEP 8:** Speak to your audience and avoid jargon
**STEP 9:** Inform all staff about what has been said to the media.
PREPARING A STATEMENT FOR THE MEDIA

The statement should contain:

1) **THE FACTS:** Who, what, why, where, when and how

2) **HOW THE INCIDENT IS BEING DEALT WITH BY THE SCHOOL:**
   Counselling, support services, alteration of schedules, the implementation of programs to counter the Incident.

3) **MENTION OF ANY HEROIC ACTIVITY BY STUDENTS OR STAFF**

4) **ANY MESSAGE YOU NEED TO CONVEY TO PARENTS OR THE COMMUNITY**
   For example: the school will be closed for 3 days, parents come and pick up children, etc.

5) **A REASSURING STATEMENT:**
   Examples:
   A) The school has been deeply shocked by this incident, but while it has temporarily interfered with school activities, we are making every effort to return things to normal and to help our students to overcome this tragedy.
   B) While this incident has saddened all of us, the staff and myself have acted quickly in ensuring our students are receiving the best possible care and help. We are making sure that school activities will return to normal as quickly as possible.
   C) This incident has upset the whole school, but we have brought in expert help for the students and staff affected by this tragedy, and the long term effects of this incident will be minimised.
   D) Debriefing students and Staff.

| Organise support personnel Support Team, Director of Schools/Community Health Team/Welfare Committee | (Do not assume all participants will require counselling)  
Delegated Staff member to establish contact with counsellors advising that their services may be needed.  
Counsellors briefed by delegated staff who ensure the earliest possible contact between the counsellor and the person/s requiring support.  
The delegated person will also act as the co-ordinator and will remain in contact with both parties.  
Ensure support provision is available for staff and students.  
Staff should monitor the situation unobtrusively. Signs of grieving or delayed trauma to be responded to in a supportive manner.  
Ensure that staff, parents and students are aware that help and counselling are available if the need arises.  
Participants, witnesses or peer contacts must be free to talk about the incident if they take the initiative.  
As far as possible, the daily routines of the school should be maintained. | Chairperson of the school welfare committee or other delegated staff. |
